

WC 3rd January 2018

This week we have been learning about Winter.

This week we have been learning about winter. We watched the Snowman and talked about what happens in the story. We also talked about our favourite parts of the story and why we liked them the best. We turned into Snowmen and travelled to the jungle where we met a monkey and some spiders. We will carry on with our snowman travels next week. In our role play, we dressed up in warm clothes and talked about why we need to stay warm in winter.

On Wednesday, we learnt about the Northern lights. We talked about what they are and why we see them. Some of us have had a go at creating Northern light patterns using tissue paper.

Our 'Mr Must' job this week helped us with our repeating patterns. We made repeating patterns using shapes, colours, objects and even ourselves. We also had a try at jobs on the smart board to create patterns.

We made icicles using tin foil, glitter and glue. We had to have a really good think about how we might attach them to the ribbon so that we could hang them up. We thought of lots of different ways and we all had a really good go at problem solving.
