

WC 8th January 2018

This week we have been learning about Winter.

This week we have role played different scenarios about where we would go if we were snowmen. We have travelled under the sea, to London and ventured into dinosaur world. Then we wrote our own adventures about where else we would go. We have been thinking carefully about describing words and using them in our speech and our writing.

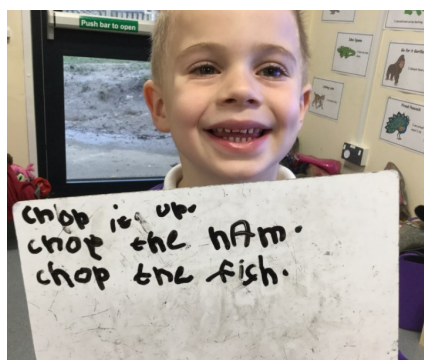

We have looked carefully at a globe of the world. We also looked on google maps. We looked closely at London and how it is different to Kingsteignton. We talked about the different buildings and what they are used for. Then we had a go at describing our houses. We also used google maps to have a look at some of our own houses and how we travel to school.

We have been busy learning our tricky words. We wrote them onto duplo and created towers.

In our marvellous maths, we have been doing jobs with 'Jumping John'. He has helped us to find one more and one less than a given number. We have been showing him which way to jump and listening carefully to the language.

We have been playing sentence games and carefully looking at how sentences are formed using words made from sounds. We have also worked hard to remember our finger spaces.
